PROFILE

Seeking a tech-driven role in an established organization where I can leverage my IT and management expertise to contribute to innovative projects and stay abreast of emerging industry trends.

EXPERIENCE

Python Django Fullstack | Intern @Luminar Technolab

January - August 2024
Completed Python Django Full-Stack Development course, where I've gained proficiency in both front-end (HTML, CSS) and back-end (Django) technologies. Excited to apply my knowledge to create robust web applications.

Sales Representative | Reliance Smart Bazzar

November 2023 - July 2024
Worked as a full-time shift sales representative during the course time.
